Dear Joe,

Thank you for your continued business over the past 15 years. It has been my distinct pleasure to work with you and your company resolving homeowner roofing issues as well as installing excellent roofs throughout Los Angeles and Orange County.

While U.S. Tile Co. does not have an approved contractor program nor do we certify roofing contractors for installing clay roof tile, I can say that my experience with Shulman Roofing has always been professional and courteous. The clay tile installs that I have been involved with have been orderly and clean throughout the job, the quality of workmanship far exceeds the industry standards, and the finished project is one I can always feel confident adding to my customer install list.

Please feel free to have your customers call me any time.

Regards,
